

Bagadski

Self made drums, sound objects and the metal-trance of Moroccan krakeb are the pounding heartthrob of this wild powerbeat formation, with roots in Brussels. With the same ease their music refers to laidback Brazilian countryside as well as to urban nervosity. This energetic crowd brings you a wicked performance that is tailor made for festivals, parades and any other festivity crazy enough to handle them! The group has shared its grooves with different other international percussion bands and will continue to do so in future projects. Drum 'n bass, trip-folk, dance-trance, maracatu, neolithic or postnuclear: Bagadski combines the best of quite a few worlds in hypnotic partyvibes.

Jo Zanders: Artistic direction and coordination.

Production: MET-X

MET-X is a house for and from musicians. We transform sounds from the belly of the city into a unique musical universe. In close collaboration with enthusiastic artists coming from the most different horizons we manufacture the creative elements in order to form bands, events and educational processes.

Our acoustic universe is closely linked to that of the steaming capital: sometimes loud, sometimes soft, sometimes beautiful, sometimes ugly. Never smooth. Always exciting.

Moving music. Music that moves.
